

# The California Coastal Commission presents: Waves, Wetlands, and Watersheds

- Classroom activity guide that addresses California's critical coastal and marine issues including: endangered species, marine debris, coastal geology, & water use
- Carefully aligned to the California State Science Content Standards for grades 3 through 8
- Includes Community Action lessons adaptable for all ages up to and beyond grade 12.
- Connection between inland areas and the ocean is emphasized throughout, so the lessons are relevant for students living in all regions of California.

**Where:** SJCOE, Nelson Center  
2901 Arch-Airport Road  
Stockton, CA  
Locke 1 Room

**When:** November 18, 2003 4-6 pm

**Cost:** **FREE** *All teachers attending receive a free copy of the curriculum to use in their classroom*

You'll also be able try out some of the activities in the guide and get an overview of the other free educational resources and programs the Coastal Commission has available.
